Rate buydown funds may come from sellers or borrowers and are subject to interested party contribution limitations. A buydown will lower your interest rate for the time period selected, up to two years. If you select a 2 year buydown, your interest rate will decrease by 2.0% for the first year and 1.0% for the second year. After the expiration of the buydown your rate will no longer be discounted and your payment will increase. Borrower paid buydowns will require you to pay money upfront in return for the temporary lower interest rate. Seller buydowns are not available from all sellers; potential buyers will need to work with the seller to determine if the buydown is an option. loanDepot.com, LLC cannot guarantee a seller or any other party will offer a rate buydown. Other limitations apply. This information is not intended to be an indication of loan qualification, loan approval or commitment to lend. Loans are subject to credit and property approval.
